

Protecting your employees
from unwelcome sexual conduct
is not only your responsibility,
it's the law.

As of January 1, 2020, you are *required to provide annual workplace training* on how to recognize and prevent sexual harassment.

**We make training easy
and affordable.**

Outsourcing annual sexual
harassment training for all your
employees can be costly.

It's to your advantage to provide
training in-house.

Any business where there is food service is impacted by this new state law, including:

- Restaurants
- Grocery Stores
- Hotels
- Hospitals
- Country Clubs

Should a complaint be filed against your business, fines for non-compliance of the annual training can be steep: up to \$1,000 for a first offense.

Educational Advantage provides an interactive training experience to help you remain in compliance. Best of all, it's a one-time cost, and training is administered by you. *No more annual fees per employee.* You own the training!

Prices begin at a one-time cost of \$1,500.*

Don't wait until a report is filed against you. The time to implement training is NOW.
